My Story

Welcome! I'm Daniela Baumann, a visionary keynote & TEDx Speaker, author, and entrepreneur, passionate about helping women like you step into your power and embrace your fullest potential. My journey hasn't always been easy, but it's been deeply fulfilling—and I want to share that with you.

Years ago, as a single mother facing financial difficulties, I turned to my passion for dance, even when the odds were stacked against me. That led me to establish 15 pole dancing studios in Switzerland, where I saw firsthand how women can transform their lives by embracing their strength and confidence. From that experience, I knew my mission: to empower women to rise above adversity and take control of their own stories.

Today, as an international speaker, I have the privilege of connecting with women from all over the world. Whether I'm on stage, or hosting Women Leaders events in Dubai, Switzerland and Germany, my goal remains the same—to help you discover your voice, embrace your self-worth, and turn your dreams into reality.

I know the challenges you may be facing on your journey. But I also know that every struggle is an opportunity for growth. Through my speaking engagements and Women Leaders events, I create spaces where women can support each other, share their stories, and rise together.

For me, the most rewarding part of my work is seeing the transformation in the women I connect with—women just like you who are ready to rise, thrive, and create extraordinary futures. Together, we're breaking barriers, building dreams, and making the world a brighter place for all women.

Let's keep going, together!

About the Book «KEEP GOING»

«KEEP GOING» means moving forward and never giving up. Before I opened my first of fifteen Pole Fitness studios, I was a single mother of two sons, had 30,000 Swiss francs in debt, no business plan, and no investor – but I had an idea that I refused to let go of until I made it a reality. Today, I am living the life I always dreamed of.

In this motivational workbook, I want to equip you with the tools you need to turn your idea into a success. You'll gain insights into my life, along with valuable tips, suggestions, exercises, and questions that you can directly answer in the book. Together, we will make your life successful – if I could do it, so can you!

****Currently, the book is only available in German.**
